

Picture and media galleries

You may include in your website any of our 3 kinds of galleries, which catalog and display images or multimedia files and simplify online access to them.

These three kinds of galleries are:

Media gallery

Suitable for online media galleries, meaning it can classify images, sound files, video files, etc. to display them sorted. [Examples](#) [1].

Image Galleria

This kind of picture gallery can be embedded into any page of the website, showing image thumbnails to navigate available pictures. [Example](#) [2].

Brilliant multigallery

This kind of gallery can be embedded, as many times as needed on any page of the website. Every gallery in a page can be customized separately, so they may show different images with different sizes in the one page. [Example](#) [3].
